ANNUAL REPORT
OF THE
SELECTMEN
AND OTHER TOWN OFFICERS

YEAR ENDING
FEBRUARY 15, 1916

THE ARGUS PRESS
NEWPORT, N. H.

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Newport qualified to vote in town affairs:—

You are hereby notified to meet at the town hall in said town of Newport on the second Tuesday of March next, at 9.00 o'clock in the forenoon, to act upon the following subjects, namely:

Article 1. To choose three Selectmen, Town Treasurer and Town Clerk for the year ensuing.

Art. 2. To elect a Board of Trustees of three members, in compliance with Chapter 162 of the Sessions Laws of 1915, one to serve one year, one two years, and one three years.

Art. 3. To elect a Tax Collector, Road Agent, and all other necessary town officers, agents and committees, for the year ensuing.

Art. 4. To bring in your votes for delegates-at-large, alternate delegates-at-large, delegates and alternate delegates to the national conventions of the various political parties to be held to nominate party candidates for President and Vice President of the United States.

Art. 5. To hear the reports of the Selectmen, Town Treasurer, Auditors and committees heretofore chosen, and pass any vote relating thereto.

Art. 6. To raise and appropriate such sums of money as may be necessary for the payment of the town debt and defraying the interest thereon for the year ensuing, and pass any vote relating

thereto.

Art. 7. To raise and appropriate such sums of money as may be necessary for the payment of town charges.

Art. 8. To raise and appropriate such sums of money as may be necessary for the maintenance of the poor, for cemeteries, parks, commons and water works, and to improve the same, and pass any vote relating thereto.

Art. 9. To see if the town will vote to ask for state aid for the purpose of making permanent improvements on the highways, raise and appropriate the necessary amount of money therefor, and pass any vote relating thereto.

Art. 10. To raise and appropriate such sums of money as may be necessary for building and repairing highways, and building and repairing bridges.

Art. 11. To see if the town will vote to repair and improve that portion of Sunapee street in Newport village between the present asphalt road, and the state aid road, decide the method of such improvements, raise and appropriate money for the same, or authorize the Selectmen and the Town Treasurer to borrow money and issue the notes of the town for the purpose of carrying this vote into effect, and pass any vote relating thereto.

Art. 12. To see what sums of money the town will vote to raise and appropriate for sidewalks, building and repairing the same, and pass any vote relating thereto.

Art. 13. To see if the town will vote to oil the Main street in the village, appropriate money therefor, and pass any vote relating thereto.

Art. 14. To see what sums of money the town will vote to raise and appropriate for the purpose of lighting the streets of Newport village and elsewhere about town, for installing new lights in town, and the maintenance of the same, and pass any vote relating thereto.

Art. 15. To see if the town will appropriate money for the purpose of extending the street lighting system in town, and pass any vote relating thereto.

Art. 16. To see what sums of money the town will vote to raise and appropriate for the new playground, and pass any vote relating thereto.

Art. 17. To see what sums of money the town will vote to raise and appropriate for the support of the fire department, for the purchase of new apparatus for the same, and for the purpose of repairing and extending the fire alarm system, and pass any vote relating thereto.

Art. 18. To see what sums of money the town will vote to raise and appropriate for the purpose of constructing a sewer line from Green Road, Middle and Dale streets to the river, also a pipe line over the same route, for the purpose of surface drainage, in accordance with a plan that the Selectmen were instructed to have made, or authorize the Selectmen and Town Treasurer to borrow money and issue the notes of the town, fix the rate of interest of the notes issued for the purpose of carrying into effect any vote in this matter.

Art. 19. To see if the town will vote to raise and appropriate money to construct a wall along the southerly end of the west side of Maple Street cemetery, provided an equal amount is furnished from other sources.

Art. 20. To see if the town will vote to raise and appropriate the sum of \$100.00 to defray the expenses of Memorial day exercises and pay the same to the quartermaster of Fred. Smyth Post, No. 10, Department of New Hampshire, G. A. R.

Art. 21. To see if the town will vote to appropriate the sum of \$325.00 for the support of the Newport Cadet Band, provided the band give a series of open air concerts during the summer season, to be paid to the treasurer of the band, at the discretion of the Selectmen.

Art. 22. To see if the town will vote to appropriate the sum of \$100.00 for the support of the North Newport Band, and pay the same to the treasurer of the band at the discretion of the Selectmen providing the band give a series of open air concerts during the summer season.

Art. 23. To see if the town will vote to build a new bridge across the south branch of Sugar river, on Elm street, being the highway leading from Newport village to Claremont, raise and appropriate money for the same, or authorize the Selectmen and Town Treasurer to borrow money, and issue the notes of the town for the purpose of carrying this vote into effect, and pass any vote relating thereto.

Art. 24. To see if the town will vote to appropriate money for the purpose of celebrating Old Home day, provide the necessary agency for its expenditure, and pass any vote relating thereto.

Art. 25. To see what action the town will take with respect to preserving, restoring, or copying the original plan of the lay-out of Newport, or any part of the old record books of the town, appropriate money for that purpose, and pass any vote relating thereto.

Art. 26. To see if the town will instruct the Selectmen to appoint a police force for service in Newport, designate the hours of service and pay for the same, raise and appropriate money for that purpose, and pass any vote relating thereto.

Art. 27. To see if the town will vote to fund all, or a portion of its floating indebtedness, consisting of outstanding notes aggregating \$67,350.00 in amount, and Selectmen's orders aggregating \$13,506.76 in amount, by issuing bonds under the authority and in compliance with the municipal bond act of 1895, fix the price and denomination of said bonds, time and place of payment, rate of interest, time when interest shall be paid, the manner of payment of principal, and take any action in relation thereto.

Art. 28. To see if the town will vote to refund all, or a portion of its \$50,000.00 4% water bonds dated Aug. 1, 1894, due Aug. 1, 1924, payable at the option of the town after Aug. 1, 1909, and for that purpose to issue bonds in compliance with the municipal bond act of 1895, and fix the price and denomination of said bonds; the time and place of payment, rate of interest, time when such interest shall be paid; the manner of payment of principal, and take any action in relation thereto.

Art. 29. To see if the town will vote to authorize the Selectmen and Town Treasurer to borrow money on the notes of the town in anticipation of taxes, fix the amount, and pass any vote relating thereto.

Art. 30. To see if the town will vote to reject certain provision of Chapter 33, Section 3, Laws of 1901, in regard to public weighers, and adopt in place thereof laws passed in 1907, Chapter 18, Section 1.

Art. 31. To see if the town will vote to discontinue the portion of highway between the Frank Cutting place (so-called), and Croydon town line, providing the town of Croydon votes to discontinue a portion of said highway in that town.

Art. 32. To see if the town will vote to instruct the Selectmen to appoint a planning committee of five members, one to be renewed each year, whose duty it shall be to take into consideration the probable growth of the town, and the needs that are likely to arise, make recommendations to the voters at the annual town meetings; said committee to serve without pay.

Art. 33. To transact any other business that may legally come before said meeting.

Given under our hands and seals at Newport this 26th day of February A. D. 1916.

PERMANENT IMPROVEMENTS OF MAIN, SUNAPEE AND PARK STREETS

At the last Annual town meeting it was voted to repair and

improve that portion of Main street between the R. R. Crossing and the Common, also a portion of Sunapee street by putting down a macadam road with an asphalt top, at an expense not to exceed \$12,000.00 to be paid for by the issue of the town notes bearing interest at the rate of 31-2 p. c. At the same meeting it was voted to repair Park street by such a road as the Selectmen should deem advisable, and issue the notes of the town to pay for the same as in the previous vote, to an amount sufficient for that purpose and the Selectmen were authorized and instructed to carry out the provisions of said votes. The streets were surveyed and plans and specifications for the work made by L. W. Balcom, Engineer, and call for bids for the work was sent to thirty different contractors and Mr. Andrew Allen being the lowest bidder was awarded the contract he giving the town a good and sufficient bond to keep the work in good repair for five years. Work was begun late in June and completed October first. A large amount of material was removed in the grading for the work which was used to a good advantage on other streets in the village the contractor loading the same for the teams furnished by the town and the cost of the teams was charged to the miscellaneous highway account.

Paid Andrew Allen for Main and Sunapee streets, 6834 yards macadam road	
asphalt top at \$1.30 per yard	8,884 20
66 cubic yards curbing at \$13.00	897 00

Statement of the State Aid Construction and Maintenance Highways Report

To the Selectmen of Newport:

I herewith transmit a detailed report of the receipts and expenditures of the construction work on State Aid Roads and maintenance work on the Trunk Line and State Aid Roads in the town of Newport for the year ending February 15, 1916.

As the work was done by the same men it was thought best to include the same in one item, together with the miscellaneous items, to save repetition and give the cost of each division in a summary.

RECEIPTS

Received from the Selectmen by orders upon the
Town Treasurer as follows:

EXPLANATION

At the last annual town meeting it was voted that it should be the duty of the Selectmen to keep the expense of the various items under their control within the appropriations and if not explain to the voters the reason why there were expenditures above the several appropriations, in their report. In the matter of the Fire Department it was voted to make a change in the fire alarm system if the same could be done within the appropriation, during the summer months the expense of the department was such that it was deemed safe to make the change, and the fire alarm system was connected with the Electric Light Plant getting a better service at much less cost, but the unusual number of fires in the month of January carried the cost of the department \$139.00 above the appropriation. In the matter of the street lighting system in making the appropriation evidently the increased cost by reason of the new lights on Main street was not estimated sufficiently, consequently the appropriation had to be exceeded or the lights shut off for a time, which seemed impracticable, the excess being \$160.-02. The appropriation for highways has been for several reasons largely exceeded, the unusual number of very rapid rains during the summer made the upkeep of the roads costly and the cost of bridges has been large, no money has been expended on them that was not deemed actually necessary for the safety of the travel. The stringers on the Kelleyville bridge had to be replaced which was done with steel making the first cost more than wooden ones also a new steel bridge at North Newport to replace a wooden one that had become unsafe. Two new snow plows were purchased which were needed, the old ones having gone past repairs, the concreting of Main street bridge, the repairs on the concrete near the bridge which was rapidly disintergrating, the oiling of the macadam road in the village limits which seems to be essential for the preservation of the same and the repairs and change of the sidewalks on account of the improvements on Main and Sunapee streets, together with the amount expended by the Road Agent above the appropriation, makes the excess. The Selectmen re-

gret making the extra expense on the highways but considered that for the best interest and safety of the town it was necessary and we make this explanation as called for.

Respectfully Submitted

Respectfully submitted,

P. A. JOHNSON, Treasurer.

Newport, N. H., Feb. 15, 1916.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the school district in the town of Newport qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said town of Newport on Saturday, the 11th day of March next, at 2.00 o'clock in the afternoon, to act upon the following subjects:

Article 1. To choose a moderator for the ensuing year.

Article 2. To choose a clerk for the ensuing year.

Article 3. To choose a member of the School Board for the ensuing three years.

Article 4. To choose a treasurer for the ensuing year.

Article 5. To choose agents, auditors and committees in relation to any subjects embraced in this warrant.

Article 6. To determine and appoint the salaries of the School Board and truant officer of the district.

Article 7. To hear the reports of the School Board, treasurer, auditors, officers and committees heretofore chosen or appointed, and pass any vote relating thereto.

Article 8. To see what sums of money the district will vote to raise and appropriate for building and repairing school houses, and out buildings as the needs of the district may require, and provide suitable furniture and apparatus and needful conveniences therefor, and pay for insurance of the property of the district from

loss by fire, and for the support of schools, and pass any vote relating thereto.

Article 9. To see what sum of money the district will vote to raise and appropriate for Medical Inspection in the schools, and pass any vote relating thereto.

Article 10. To see if the district will vote to purchase land in Newport village for school purposes, erect a school house thereon, raise and appropriate money for the same, and pass any vote in relation thereto.

Article 11. To transact any other business that may legally come before said meeting.

Given under our hand and seal this 25th day of February, 1916.

D. S. ROLLINS	}	School Board of Newport
GEO. A. FAIRBANKS		
F. T. POLLARD		

A true copy of warrant attest:

D. S. ROLLINS	}	School Board of Newport
GEO. A. FAIRBANKS

SCHOOL REPORT

Gentlemen of the School Board:—

In submitting my first annual report on the school situation in Newport I shall aim to make my general comments and recommendations as brief and concise as possible.

On taking up the work of supervision April first of last year I was confronted with a peculiar combination of both the good and the bad in your school system. The schools outside the village appeared to be fully up to the average for one- and two-room schools; the kindergarten was in excellent condition; the Primary building, while most of the teachers were efficient, was badly disorganized on account of the lack of a dominant head, the consequent lack of order in the halls and on the playground and the reflex action upon the class-rooms resultant from these conditions; the grades in the Richards building averaged in fair working order; the East Primary was in a somewhat unsatisfactory condition; while the High school was just beginning to recuperate from a period of demoralization.

An analysis of the conditions and their causes led me to the belief that the best results could be obtained by working along the following lines:—weeding out inefficiency in the teaching force, the establishing and maintaining of a proper standard of promotion (and graduation), and the building up of a better esprit de corps—especially in the high school. I feel that considerable has been accomplished along all these lines. There are still many things to be done but I honestly believe that a decided step has been made in

the right direction and I am hopeful that there may be continued progress, showing a better general average of efficiency from term to term.

In passing I wish to express my appreciation of the work that is being done by those local teachers who have been in the schools of Newport from six to thirty or more years, everyone of whom, without exception, is a credit to her calling. Several of these teachers are of such calibre that they could go out into the open market and secure salaries more than double those they are now receiving.

During the remainder of the year I hope to be able to give the schools outside the village more attention than I have thus far done. In justification of any seeming neglect I can only say that conditions in the village schools needed attention more than did those outside.

Summarizing the situation in the grade schools of the village I would express the opinion that all of them, up to and including the sixth grade, are now in good working order. I believe that the Primary building taken as a whole is considerably above the average for buildings of its class in the efficiency of its teaching force, harmonious cooperation among the teachers, organization and discipline, the attitude of the pupils towards their school work and general results obtained. The situation in the fifth and sixth grades (in the Richards building) is also satisfactory except that it suffers somewhat from the congestion that exists throughout the building.

The seventh and eighth grades were merged—in method of instruction and administration, without change of content—with the high school as a junior high. On the whole I believe the plan has worked successfully. There have been criticisms of certain features of the work and I am well aware that some, at least, of these have been just. I refer particularly to the fact that reading and spelling have not, for a part of the year, received their due amount

of attention. This situation has been gradually remedied and during the latter part of the year the shortage will be fully made up.

It seemed advisable at the beginning of the year, on account of changed conditions and environment, to stress the four basic subjects rather than to scatter the pupils' attention, until such time as they should become accustomed to their new status. It appears to me that the results obtained have shown the wisdom of this course. On the whole, considering the conditions under which these two classes have been obliged to work and the poor preparation (especially the seventh grade) with which they came up to this year's work, I am well satisfied with the new plan of organization. I shall recommend for next year a thorough revision of content of such a nature as to correlate the courses in the junior high with those in the senior high. This will call for such readjustment of subjects as will, in the light of the best present-day evidence, better harmonize with the age and mental qualifications of the pupils without presenting fads or radical innovations and without entailing increased cost in the handling of the classes.

There can be no question that the abolishing of the ninth grade, as forecasted by my predecessor, was a wise move.

As I have already said, when I came here, the high school was in a somewhat demoralized condition, to say the least. In just a word I would express my appreciation of the harmonious and helpful attitude shown by Mr. Hayward who assumed the principalship of the school contemporaneously with the beginning of my duties as superintendent. The work of the spring term was given over largely to creating a school atmosphere and establishing a school standard, both of which were non-existent. Some vexing problems were encountered which had to be met in a firm spirit, and, thanks to the support given by your board, the objects aimed at were, I believe, accomplished.

At the opening of the fall term we were confronted by the problem of taking care of 216 pupils in accommodations originally de-

signed for practically one-half that number. In spite of this condition and also in spite of the fact that Mr. Hayward, on account of the heavy burden resulting, felt obliged to resign towards the end of the term, good work was accomplished in remedying many of the weaknesses that still existed.

The six weeks of the winter term thus far, have convinced me fully of the wisdom of your selection of Mr. Edward H. Leonard as Mr. Hayward's successor. His unusually strong qualities of organization are rapidly improving the condition in which the school showed its greatest weakness.

There are several minor problems upon which I shall report to you in detail from time to time. Among these I would mention in outline the better equipment of the rural schools; the reorganization of the school system on a definite six-and-six plan; a liberalization of the high school curriculum; provision for instruction in special subjects such as penmanship, drawing and mechanic arts; a better working out of the problems arising from the retarded pupil; a "summer review" school; and a more systematic and economical handling of text books, supplies and other physical equipment.

At least two more teachers will be required for next year, one to teach an additional third grade and one in the high school to take care of the added year in commercial subjects and domestic science as well as the increased recitation work due to the necessity of dividing the larger classes into two divisions. A third teacher should also be employed to give special instruction in penmanship and drawing throughout the grades.

To my mind, however, the one big problem that confronts you for next year is that of providing additional school room accommodations. Four new school rooms will be an absolute necessity when the school year opens next September. You will find on another page of this report a statement showing the growth of the schools in the village during the past five years, showing an increase of

thirty-two per cent. When the Primary building was built twelve years ago the total enrolment in the village schools was 397. Last fall it was 655 or an increase of sixty-one per cent. During that period there has been no increase in school room accommodations.

If you will also consider that within the present generation the Newport School District has built but one school building, at public expense, you will readily see that the present requirement is not one that can be looked upon as a burden. During the past twenty-five years the total expense to the town for new buildings has not exceeded the sum of \$25,000.

The schools are at present working below their full efficiency and next fall, with the probable increase in attendance, the situation will be such that it will be a physical impossibility to handle your schools in a manner at all creditable unless additional accommodations are provided. I trust that you will use your best efforts to secure favorable action in securing the immediate construction of a new school building.

I shall be pleased to submit to you more definite information along this line in time for use at the annual school district meeting.

Thanking you individually and collectively for your hearty and harmonious efforts in sustaining the work that has been accomplished during the past year, I am,

Yours very truly,

O. H. TOOTHAKER,
Superintendent

CALENDAR 1915—1916

Fall term opened Tuesday, September 7.

Columbus Day, Tuesday, October 12.

Thanksgiving Recess, November 25-28.

Fall term ended (15 weeks) Friday, December 17.

Two weeks vacation.

Winter term began Monday, January 3.

Washington's Birthday, Tuesday, February 22.

Winter term ends (11 weeks) Friday, March 24.

One week vacation.

Spring term begins Monday, April 3.

Fast Day, Thursday, April 27.

Memorial Day, Tuesday, May 30.

Spring term ends Friday, June 9, (ten weeks).

Commencement, Sunday, June 11, to Wednesday, June 14.

(Schools closed one week in January on account of sickness.)

RAY E. TENNEY, Treasurer

REPORT OF WATER COMMISSIONERS

To the Citizens of the Town of Newport:

The board of Water Commissioners for the town of Newport respectfully submit the following report for the year ending Feb. 15, 1916.

Total amount of orders drawn by the Selectmen for construction, maintenance and repairs of the water works system to Feb. 15, 1915	\$163,411 79
--	--------------

From this amount deduct cash received for material sold and from service and miscellaneous accounts and cash returned by treasurer of the board, also cost of North Newport water system to Feb. 15, 1915	\$17,685 73
---	-------------

Also cost of maintenance and repairs	22,887 28	\$ 40,573 01
--------------------------------------	-----------	--------------

Net cost of system Feb. 15, 1915	\$122,838 78
----------------------------------	--------------

Total of expenditures during year ending Feb. 1916	3,060 05
--	----------

\$125,898 83

From this deduct amount of cash received on service pipe and miscellaneous accounts	\$787 85
---	----------

Also cost of maintenance and repairs for the

year ending Feb. 16, 1916	1,302 33	
		\$ 2,090 18
Net cost of system Feb. 15, 1916		<u>\$123,808 65</u>
Increase in cost during the year		\$969 87

Salary as Superintendent of Water Works	583 33	
Ty L. Barker, cash paid for labor on Water Works	1,156 21	\$3,060 05

Ty L. Barker, Treasurer of the board of Water Commissioners, has received from the board of Selectmen to pay for labor on Water Works and Sewers the sum of \$1,866.25. He has returned to them \$343.79. Of the amount retained, \$1,522.46, he has paid \$1,156.21 for labor on Water Works, and \$366.25 for labor on sewers.

The Selectmen's and Town Treasurer's Report will show \$200.00 less drawn on Water Works account and \$200.00 more on Sewer account, the total amount for both being the same as shown above. The error was discovered too late to be rectified on the Selectmen's records.

The following named amounts have been paid for labor on Water Works to parties named,

Fred E. Brockway	\$394 10
Harry C. Ide	42 00
Victor Niemi	245 80
Oscar Cranges	166 65
Willard Tuanata	40 07

Victor Hainco	3 78	
H. Nygord	3 78	
Kusti Lehti	1 00	
		\$1,156 21

WATER PIPE EXTENSIONS AND HOUSE SERVICES.

On Summit Road the 6 inch main has been extended Eastward 432ft., one 6 inch gate has been put in and a hydrant set near the terminal. From that point 164 ft. of 1 1-4 inch and 82 3-4 ft. of 1 inch cement lined pipe has been laid to the cellar of the house being constructed by D. Sidney Rollins. The entire cost was \$572.86. Deducting from this amount the cost of service pipe laid from street line to the house, \$24.46 paid by Mr. Rollins, the net cost to town becomes \$548.40.

This extension was made with the understanding that the annual water rental should be not less than 8 per cent on the cost.

On the north side of Sunapee road beginning at a point opposite the house of M.M. Covell, 282ft. of 1 1-4 inch and 30 ft. of 1 inch cement lined pipe has been laid to a house, being built by Fred Gonyea at a net cost of \$98.53. Water rent is to be 8 percent on cost of pipe line.

In addition to these extensions eighteen other houses have been service piped for town water. Pipe has also been laid to the ice house of Mrs. F. E. Lovell near the F. P. Rowell rink storehouse.

One additional house has been connected to the North Newport water system.

On Croydon road a private pipe line was laid under the supervision of Mr. Brockway, for C. M. Mann. We furnished 1336 ft. of 1 1/4 inch, 1739 ft. of 1 inch cement lined pipe, and the necessary fittings. Excavating and filling ditch was done in part by the water works men. For material furnished and labor performed the water works received \$408.69.

HYDRANTS AND GATES.

A new hydrant has been set on Belknap Avenue at the north of Meadow Road the expense being \$49.92.

Another with a six inch gate on the lead on Belknap Avenue west of the home of Mrs. A. P. Marshall, has been set at an expense of \$95.08.

A new hydrant with a six inch gate on the lead has been placed on Main St. near the store of Perry & Kiggins at an expense of \$104.10

A six inch gate has been placed upon the lead of hydrant in front of the Town Hall at an expense of \$35.66.

The hydrants and gates above mentioned together with the gate placed upon the lead of the hydrant moved from the junction of Sunapee and Cheney streets, and all expenses connected with their setting, are treated as new construction. It became necessary to replace the hydrant in front of the Town Hall with a new one at an expense of \$35.59.

The hydrant formerly standing at the south end of Cheney St. has been moved to the south side of Sunapee street, a few feet farther east, at an expense, aside from the new gate on the lead, of \$45.78. Additional cost of gate set was \$20.00.

In August the hydrant located 1/8 of a mile east of D. Richards & Sons Co. wollen mill was broken off by a runaway team with ice cart attached. Fortunately, Mrs. Avery Veino

was near at hand and made quick time with her auto to the water works office, the water was shut off before material damage was done from washing out. The expenses of repairs \$19.18, was paid by Mr. Veino.

In this instance water had to be shut off on the Guild line about 2 1-2 hours. On the day a cut-out was made to set the hydrant near Perry & Kiggins' store, water was shut off on Main St., from Depot St. to the bridge 3 1-2 hours.

It would add to the protection of the village against loss by fire, if a gate was placed upon each hydrant lead on the main supply lines. Gates can be set most economically whenever hydrants now in use have to be replaced by new ones.

In-as-much as nearly all leaks upon the system have been in the lead connections to service pipes, and inspection of all such connections on Main, Park and Sunapee streets that were to be covered by concrete was made before the paving was done. The "goose necks" at the Newport House and at the home of Mrs. F. E. Lovell were replaced by new ones. This inspection and new material cost \$45.32.

Three other "goose neck" connections have been replaced by new ones. One brass tee on the Pollards Mills line has been replaced by a new one and two small leaks in joints of main pipe on Sunapee road have been repaired. The repairs mentioned, the service pipe inspection, the cost of changing the location of hydrant at the south end of Cheney St., and the cost of one hydrant in front of the Town Hall are included in cost of maintenance and repairs. The expense of painting the building occupied, in part, as water works shop, amounting to \$38.58, is included in maintenance and repairs.

Cement Lined Pipe.

There has been laid of one inch cement lined pipe	1070 ft.
There has been laid of 1 1-4 cement lined pipe	446 ft.

Adding that previously laid	62757 ft.
	<u>64273 ft.</u>

Cast Iron Pipe.

Adding 474 feet of 6 inch cast iron pipe to that previously laid the present amount in the system is:

4 inch pipe	5009 feet
6 inch pipe	62951 feet
8 inch pipe	33348 feet
10 inch pipe	4825 feet
12 inch pipe	<u>1255 feet</u>
Total	107388 feet

Gate Valves.

There are upon the entire system:

4 inch valves	30
6 inch valves	75
8 inch valves	17
10 inch valves	4
12 inch valves	<u>3</u>
Total	129

Hydrants.

Hydrants owned by town	86
Hydrants owned by private parties	7

RECAPITULATION

Net cost of system, Feb. 15, 1915	\$122,838 78
Total orders for all labor, for pipe and fittings laid on streets and service pipe connections, and for pipe and fittings sold during year	1757 72
Cost of maintenance and repairs for the year ending Feb. 15, 1916.	1302 33
	<u>\$125,898 83</u>
From this amount deduct cash received on service pipe and miscellaneous accounts	787 85
Cost of maintenance and repairs	1302 33

	2090 18
	\$123,808 65
Increase in cost during the year	\$969 87
The increase in the cost of the water works system during the year is included in the following named items:	
Extension on Summit Road	\$548 40
Extension off Sunapee road	98 53
All other service pipe connections	248 18
Two new hydrants on Belknap Ave.	145 00
One new hydrant on Main Street	104 10
One new gate on Town Hall hydrant	35 66
One new gate on hydrant near primary school house.	20 00
	\$1199 87
Deducting for decrease in amount of pipe and fittings on hand	\$230 00
	\$969 87

SUMMARY STATEMENT

Receipts for water rents during the year ending Feb. 15, 1916	\$10,124 51
Interest on \$50000, 4 per cent water bonds	\$2,000 00
Interest on \$20000. 3 per cent water bonds	600 00
Interest on \$6600 3 1-4 per cent water notes	198 00
Interest on \$46238 00 (balance of cost of system, Feb. 15, 1915) at 3 1-2 per cent	1,618 33
Cost of maintenance and repairs for year ending Feb. 15, 1916	1,302 33
	\$5,718 66
Net income to town	\$4,405 85

Water for hydrant service, flushing sewers, watering troughs, town hall, engine house, school buildings, library and library house, Carrie F. Wright Hospital and houses, Maple

street, Pine Grove and Catholic cemeteries, and street sprinkling is without charge.

GILMAN POND

But a small amount of money has been expended at the pond.

Flash boards and bags of sand held twelve inches of water above high water mark in May. At no time has the water been one foot below level of permanent waste way. Because of high water the vote of the town at the last annual meeting authorizing the Water Commissioners to raise the height of the waste way eighteen inches has not been carried into effect. Water is now a few inches above the top of waste way.

Number of house connections Feb. 13, 1915	655
Number of house connections Feb. 15, 1916	675

SEWER CONNECTIONS AND MAINTENANCE

No street sewer extensions have been made in 1915.

Ten new single tenement houses have been connected with the village sewer, two houses, those of D. S. Rollins and Edgar B. Call, off sewer lines, have had pipes laid to the river direct. The Richards Free Library, and the library house, now using a private line, have had sewer connection made to the Main street sewer, plumbing connections to the same to be made later. One house, to which pipe has previously been laid, has had necessary plumbing done and the pipe has been put to use. Eight other houses built, or in process of construction, for which town water has been provided, are away from sewer lines.

For the third time, in November last, the sewer on Summer became clogged with roots from elm trees, ninety feet of pipe was uncovered, the roots were cleaned out, and every joint was given an extra coating of cement.

Notwithstanding all that has been said and done, rubbish is still thrown into Sugar River, or deposited upon its banks to be carried along by high water. As a direct result of this practice, late in January, the mouth of the main sewer, beyond the Peerless Factory, became completely plugged. By rare good fortune a man, in ice cold water two and one half feet deep, was able to open it after several hours' labor. An inspection of the matter which flowed out through the man hole near the river while the pipe was closed, impels us to again call attention to the Regulation adopted by the town as to what should not go into the sewer.

Section 8. To throw or deposit, or cause to be thrown or deposited in any vessel or receptacle connected with the public sewer any garbage, vegetable parings, ashes, cinders, rags, or any other matter or thing whatsoever, except faeces, urine, the necessary water closet paper, and liquid house slops, will be considered a

misdemeanor, and any person or persons guilty thereof, shall pay a fine of not less than one dollar (\$1.00) or more than twenty dollars (\$20.00) for each and every offence.

A cheerful compliance with the requirements indicated in this section, will lessen the plumber's bills, and will aid in the successful operation of the system.

The County paid one half cost in front of the town hall and court house, \$56.87

Respectfully submitted,

ARTHUR V. WRIGHT

Road Agent

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of Newport:

During the past year the total number of burials in town has been 80, of which 2 were in North Newport extension, 18 in the Pine Grove Cemetery and the balance in the old cemeteries.

Two lots have been sold in the North Newport extension for which \$25. has been received and 14 lots in the Pine Grove Cemetery from which \$395.50 has been realized.

The permanent care fund for the Pine Grove Cemetery now amounts to \$1,315.75 and an unexpended accrued income of \$52.36. The permanent care fund of the North Newport extension amounts to \$242.50 and an unexpended income of \$11.04.

The income from the above two funds can only be used for the care of the cemetery from which the funds originated.

The permanent improvement fund of the Pine Grove Cemetery including interest amounts to \$920.24 and the permanent improvement fund of the North Newport extension \$75.09.

Considerable progress has been made and efforts will be continued by the Daughters of the American Revolution to secure another fund of \$600. provided the town will appropriate an equal amount to erect a suitable wall at the Church Street entrance of the Maple Street Cemetery.

We therefore recommend that the town appropriate \$600. towards the erection of such a wall, provided an equal amount is contributed from another source.

If this done, we have the practical assurance of suitable wrought iron gates for both the Church Street and Maple Street entrances.

We would recommend that \$500. the same amount as for the last two years, be appropriated for the cost of burials and general care.

Respectfully submitted,

P. A. JOHNSON	}	Cemetery Commissioners

BOARD OF HEALTH REPORT

To the Board of Selectmen:

Gentlemen:

Since the last report of the Board of Health a change has taken place, as provided at the last term of the Legislature, in the personnel of the Health Department.

The Law provides that in place of the old board of three members there shall be one Health Officer, recommended by the selectmen and appointed by the State Board of Health: he as the executive officer with the selectmen shall constitute the Board of Health. This law went into effect July 1, 1915.

The health officer under the new regime assumes all the duties pertaining to the sanitary condition of the town, and they are very numerous.

The duties are becoming more and more exacting every year as new laws are enacted and new ways and means worked out to better conserve the health of the community and also to eliminate sources and conditions that tend to foster contamination and breed disease.

The attention of the health officer is directed, at the present time, to improve certain local conditions, that well need attention. The principal one is the doing away with the common privy or out-house in the compact part of the town. Nothing at the present time is a greater menace to the community well-being than this so-called dry privy. They have no place in any community.

The dry privy, the offensive sink drain, and the unscreened

manure pile are a constant danger as it is from these places that the typhoid bacilli are carried by flies to our tables. These are plain words but they are facts.

Under the supervision of our state inspector, we have started in on a system of milk inspection by which we hope to improve the quality and the cleanliness of the product. We have made an inspection of the cow barns and insisted on improvements. We have had the milk examined and while not of a low quality, it could be improved and we hope later tests will show this improvement.

The town has been remarkably free from contagious diseases there being only two or three during the past year. We are doubly fortunate in this as the disinfecting material now costs about six times what it did a few years ago.

A record has been kept of the tubercular cases, as required by the new state laws, and in this we are assisted by the local Doctors. One such patient we have placed in the state sanatorium at Pembroke.

The diptheria antitoxin, where formerly each town had to furnish its own, is now supplied free by the state. This is a big saving to the town.

By far the larger number of calls by the health officer have been for nuisances such as manure piles, refuse and decayed matter thrown out near public streets, and the ever obnoxious sink drains.

Numerous complaints have come in relative to the nuisance created by our public dump in its present location. The offensive smell from burning decayed matter and the unsightly view of the fields strewed with every kind of waste paper tend to spoil one of the scenic beauties of the town.

Respectfully submitted,

JOHN R. KELLY,

Health Officer.

REPORTS OF FIRE AND POLICE DEPTS.

FIRE DEPARTMENT

To the Citizens of Newport:

I herewith submit a report of the Fire Department for the year.

During the year the department has responded to 44 alarms, 13 of which were bell alarms, 22 still alarms and 9 brush fires.

During the year there has been installed, as per vote of the town, a Storage Battery for the fire alarm which is much more reliable and considerable more economical to run.

I wish again to call attention of the voters to the necessity of more Fire Alarm Boxes so located as to better protect those localities which have rapidly built up within the past few years.

I would also recommend that an appropriation be made for the purpose of purchasing new hose the coming year.

I wish to thank the people of the town, in behalf of the department, for the generous support that we have received.

Respectfully submitted,

GEORGE E. LEWIS, Chief Engineer.

CHIEFS OF POLICE

I herewith submit the report of the Police Department from Feb. 15, 1915 to Jan. 1, 1916 at which time my resignation took

effect.

Total number arrested 64, classified as follows:

Intoxication	38	Assault	1
Larceny	3	Murder	3
Violating auto law	3	Bastardy	1
Cruelty to animals	1	Non support	2
Disturbing the peace	3	Violating hawker's law	1
Violating game law	7	Violating liquor law	1

The above named cases were disposed of as follows, 62 were found guilty and sentence imposed. 2 were discharged by Court.

247 persons were given lodging not under arrest.

Respectfully submitted,

FREDERICK M. GUNN, Chief of Police.

Report of Police Department from Jan. 1 to Feb. 15, 1916

Number arrests from Jan. 1 to Feb. 15, 1916, divided and classified as follows

Intoxication	5	Non support	1
Keeping disorderly house	1	Carrying concealed weapons	1
Assault with intent to kill	1		

Of these 8 were males and 1 female.

2 were given suspended sentences, 1 case appealed to Superior Court, 1 assault with intent to kill discharged.

3 were non residents and 6 were residents. 25 tramps were lodged.

Respectfully submitted,

HENRY G. HASTINGS, Chief of Police.

Buckets, Cans, Spouts

Don't delay your orders for sugaring tools. We can well supply your needs at prices that are fair.

Agents For Grimm Goods---The Best
Made

Plumbing and Repair Work

Competent men constantly at your service. Always ready to do your work quickly and as it should be done.

General Hardware

This store has been too long established to need a lengthy story in regard to the quality of its merchandise or its methods of doing business.

ROGERS & ROBB

Newport, - - New Hampshire

KORN ALLEY

HOME OF THE SQUARE DEAL

I have been doing business in Korn Alley for thirty-nine years and hope to make the fortieth the best of them all.

My experience proves it is not necessary to go away from home to build up a successful business.

Just stick to the golden rule, work hard, live right and go to church on Sundays.

F. P. ROWELL

THE KING OF KORN ALLEY

Flour, Grain, Baled Hay, Building Materials, Tile,
Etc.
